A

Abscess, brain, case of, in a syphilitic,—Saunders, T. L. 619
Abscess, frontal lobe, secondary to sinusitis,—Friedman, J., and Greenfield, S. D. 608
Abscess, intratracheal,—Campbell, C. Arbuthnot 955
Abscess of the lung,—Clendening, Logan 128
Abscess, pulmonary, a case of following tonsillectomy,—Petteroif, George 517
Abscess, pulmonary, the prevention of by the use of a tonsillectomy sump,—Moore, W. F. 686
Abscess, temporo-sphenoidal, a case of following acute mastoiditis,—Almour, Ralph " 478
Abscess, temporo-sphenoidal, complicating chronic purulent otitis media with spontaneous rupture and hernia into the mastoid antrum,—Dougherty, D. S. 621
Abscesses descending from the upper air passages and base of the tongue, a typical operation for,—Glogau, Otto 529
Abscesses, perisinal and extradural, complicating a case of chronic purulent otitis media,—Dougherty, D. S. 587
Abductor paralysis of larynx, a new procedure for the relief of,—MacKenty, John E. †413
Accessory sinuses, some physical intranasal conditions favoring involvement of,—Metzenbaum, Myron 943
Acoustic neuromas,—Shea, J. J. 460
Acute mastoiditis with iodoform poisoning, right ear; acute mastoiditis in unusual mastoid, left ear,—Hays, Harold M. 974
Acumeter, new electric, and further studies in the functional examination of the acuity of hearing,—Guttman, John 829
Acute esophageal obstruction; angio-neurotic edema as causative factor,—Forbes, H. H. †319
Acute exudative catarrh of the middle ear, case of,—Jones, W. S. *907
Acute lung abscess treated by bronchoscopy and irrigation,—Forbes, H. H. †320
Acute mastoiditis and perisinus abscess without ear symptoms,—Hays, H. M. †719
Acute sinusitis complicated by optic neuritis,—Lovell, F. S. †319
Additional experimental studies in bronchial function,—Bullowa, J. G. M., and Gottlieb, Charles 284
Adenoid growths, grinding of the teeth a pretty sure symptom of,—Benjamins, C. E. 223
Adeno-carcinoma of bronchus, primary,—Imperatori, C. J. 123
Aeration of the posterior accessory sinuses in acute optic neuritis,—White, L. E. 382
Analysis of the systemic and local conditions following tonsillectomy and adenoidectomy,—Coakley, C. G., and Pratt, E. L. 81
Anatomical studies of Dorello's canal,—Vail, H. H. 569
Autroscopy of the maxillary sinus,—Spielberg, Wm. 441
Apparatus for the simplification of the removal of a skin graft of the Thiersch variety,—Sheehan, J. E. †150
Application of the Thiersch graft to the walls of the frontal sinus, antrum and gingivial sulcus, presentation of cases showing the,—Sheehan, J. Eastman †238
Aural lesions as a cause of severe systemic infections, — Harris, T. J. 850

Aural lesions as a cause of severe systemic infections, — Harris, T. J. 850

B

Basal metabolism in hyperesthetic rhinitis, bronchial asthma and in cases in which the Roentgen ray or radium has been applied to tonsils,—Simpson, W. L..... 768
Blindness, temporary, accompanying case of encephalitis lethargica complicated by double acute mastoiditis,—Almour, Ralph..... 672
Blindness, total, of both eyes in a boy seven years of age, cured by ethmoid operation and opening the sphenoid sinus,—Husik, D. N. 874
Bone chisels, a set of,—Sheehan, J. E. .....†151
Brain abscess, temporo-sphenoidal, a case of following acute mastoiditis,—Almour, Ralph 478
Bronchial asthma, hyperesthetic rhinitis and cases in which the Roentgen ray has been applied to the tonsils, the basal metabolism in,—Simpson, W. L..... 768
Bronchial function, additional experimental studies in,—Bullowa, J. G. M., and Gottlieb, Charles.. ..284
Bronchoscopic tack and pin forceps,—Tucker, Gabriel 948
Bronchus, primary adeno-carcinoma of,—Imperatori, C. J..... 123
B. Proteus, two cases of infection by,—Kernan, J. D., Jr..... 304

C

Calculi of the nose and throat, report of cases,—Smith, L. W..... 444
Cancer of the larynx, laryngectomy for, with modified technique, and attempted formation of skin graft tube in place of larynx,—Goldthwaite, R. H..... 446
Carcinoma of the larynx, treated by radium and operation.—Yankauer, S. .....†794
Carcinoma of the larynx cured for seven years, case of.—Douglass, Beaman .....†235
Carcinoma of the larynx, histological control of radium treatment of.—Callison, James G..... 180
Cardiospasm, diaphragmatic pinchcock in.—Jackson, Chevalier..... 139
Carotid artery, internal, spontaneous rupture of, with hemorrhage from the ear.—Hunter, Robert J..... 678
Cardio-spasm, and the liver tunnel, —Mosher, H. P..... 348
Case of brain abscess in a syphilitic,—Saunders, T. L..... 619
Case of congenital nystagmus, investigation of the nystagmus arc in,—Vail, H. H..... 952
Cases of calculi of the nose and throat, report of,—Smith, L. W.. 444
Case of chronic purulent otitis media, complicated by perisinal and extradural abscesses; severe meningeal symptoms,—Dougherty, D. S..... 587
Case of cut throat; frontal lobe abscess,—White, F. W.....†409
Case of early Hodgkin's disease in which endoscopy led to the diagnosis,—Hurd, L. M..... 290
Cases of encephalitis lethargica, complicated by double acute mastoiditis with accompanying temporary blindness,—Almour, Ralph 672
Cases of ethmoiditis and sphenoiditis in relation to eye disturbance,—Warlow, M. A..... 623
Cases of head injury with abnormal oto-neurological findings,—Gottlieb, M. J..... 783
Cases of infection by B. Proteus, —Kernan, J. D., Jr..... 304
Case of intradural cerebellar abscess, complicated by acute labyrinthitis,—Kopetzky, S. J., and Schwartz, A. A 374
Case of labyrinthitis complicating chronic mastoiditis,—Kopetzky, S. J., and Schwartz, A. A..... 374
Cases of lip-reading in adults,—Berry, Gordon 645
Case of persistent post-influenzal pneumococcaemi, complicated by bilateral mastoiditis; operations; transfusions of immunized blood; recovery,—Dougherty, D. C.....†726
Case of post-tonsillectomy pulmonary abscess,—Fetterolf, George 517
Case report,—Wagers, A. W.....*813
Case of rhinophyma, report of,—Israel, Sidney 218
Case of sinus phlebitis with normal middle ear at time of operation,—Friesner, I. 617
Case of sinus thrombosis with exploration of the jugular bulb,—Maybaum, J. L..... 526
Case showing ossicles in situ after complete destruction of membrana tympani,—Moore, W. F....*813
Cases of syphilis of the eighth nerve and inner ear, a report of,—Gill, E. G..... 634

419388

Case of temporo-sphenoidal brain abscess following acute mastoiditis,—Almour, Ralph 478
Case of temporo-sphenoidal abscess complicating chronic purulent otitis media with spontaneous rupture and hernia into the mastoid antrum,—Dougherty, D. S..... 621
Cases in which the Roentgen ray or radium has been applied to the tonsils, the basal metabolism in,—Simpson, W. L..... 768
Cerebellar abscess, intradural, complicated by acute labyrinthitis,—Kopetzky, S. J., and Schwartz, A. A..... *374
Chronic mastoiditis with abscess of petrous tip,—Bowers, W. C....†725
Chronic middle ear suppuration, complicated by an acute suppurative labyrinthitis; meningitis sympathica; labyrinthectomy; recovery,—Friesner, I., and Maybaum, J. L. 969
Chronic suppurative otitis media; radical mastoidectomy; acute suppurative labyrinthitis; serous meningitis; labyrinthectomy; recovery,—Gottlieb, Mark J. 971
Cleft palate flaps, new method of relieving tension in,—MacKenty, John E.....†413
Cleft palate and hare lip,—Federspiel, M. N..... 909
Colloidal silver iodide in the therapy of ear, nose and throat,—McCarthy, M. F..... 668
Complications of tonsillectomy, (a) anomalous internal carotid, (b) paralysis of palate,—Hunter, R. J.....*817
Cyst of the mandible with unusual features,—Voorhees, Irving Wilson .....†152

D

Deafness, chronic catarrhal, the pathology and treatment of,—Goldsmith, P. G..... 696
Deafness, remarks on the psychology of,—Hubbard, Thomas..... 473
Deficiency diseases of the ear, nose and throat. 1. Otosclerosis. 2. Hyperplastic ethmoiditis,—Kauffman, A. B..... 50
Demonstration of instrument for the introduction of radium emanations into the esophagus and bronchus,—Yankauer, S. .....†796
Depressor, tongue, a self-retaining,—Herzig, A. J..... 900
Dental infection, associated with very severe tinnitus aurium,—Tousey, Sinclair 523
Diaphragmatic pinchcock in so-called "cardiospasm",—Jackson, Chevalier 139
Diphtheritic mastoiditis associated with membranes in the middle ear, eustachian tube and pharynx, case of,—Kahn, Alfred†729
Diphtheroids, secondary invasion of in healing mastoid wounds causing odor simulating that of necrosing bone,—Dunlap, A. M. 614
Diseases, sensitization,—Eggston, A. A. 877
Disturbances of metabolism and their relation to certain disorders of the respiratory tracts,—Selfridge, Grant 243
Dorello's canal, anatomical studies of,—Vail, H. H..... 569
Double mastoiditis, pneumonia and sinus thrombosis in baby fifteen months old,—Smith, J. Morrisset 982
Drainage of mastoids as a means of preventing scarlet fever ears, —Dunlap, A. M..... 272

E

Ear, acute infections of, suction treatment in,—Carpenter, E. R. 864
Encephalitis lethargica, a case of, complicated by double acute mastoiditis with accompanying temporary blindness,—Almour, Ralph 672
Endocrines, the, of the nose and throat,—Wieder, H. S..... 259
Endoscopy, a case of, in which it led to the diagnosis of early Hodgkin's disease,—Hurd, L. M. 290
Endoscopy, peroral, and laryngeal surgery, notes on,—Chevalier, Jackson 868
Enucleator, tonsil,—Jones, David H. 956
Epiglottidectomy for relief of congenital laryngeal stridor with report of a case,—Iglauer, Samuel 56
Epithelioma of frontal sinus and ethmoids,—Byrd, C. W.....†643
Esophagus and air passages, unsuspected foreign bodies in,—Purcell, C. E..... 229
Ethmoid and sphenoid operation curing total blindness of both eyes in a boy seven years of age,—Husik, D. N..... 874

Ethmoiditis and sphenoiditis in relation to eye disturbance. Report of three cases,—Warlow, M. A. 623
Ethmoiditis, hyperplastic,—Kauffman, A. B. 50
Etiology and pathology of loss of vision from the accessory sinuses,—White, L. E. 415
Etiology of septic sinus thrombosis, a contribution to,—Schwartz, A. A. 690
External nasal deformities; description of the operative technique of a new method for the correction of certain types,—Lewis, J. D. 214
Eye disturbance and the relation of ethmoiditis and sphenoiditis in, report of three cases,—Warlow, M. A. 623

F

Facial nerve, the, and the surgical repair of facial paralysis,—Ney, K. W. 327
Facial paralysis and the surgical repair of the facial nerve,—Ney, K. W. 327
Fibroma of nasopharynx, case presentation,—Cohen, H. B. *816
Focal infection from acute mastoiditis simulating thrombosis of the lateral sinus, a case of,—Wieder, H. S. *811
Forceps, bronchoscopic tack and pin,—Tucker, Gabriel 948
Foreign bodies, unsuspected in the air passages and esophagus,—Purcell, C. E. 229
Frontal lobe abscess secondary to sinusitis,—Friedman, J., and Greenfield, S. D. 608
Further studies in the functional examination of the acuity of hearing and its relation to the perception of sounds of different pitches produced by the new electric acumeter, — Guttmar, John 829
Further thoughts concerning tests for aviators,—Robertson, C. M. ... 105

G

Grinding of the teeth a pretty sure symptom of adenoid growths,—Benjamins, C. E. 223
Gumma of the tongue with marked blood vessel changes, case presentation of,—Laessle, H. A. *905

H

Histological control of radium treatment in carcinoma of the larynx,—Callison, James G. 180
Hare lip and cleft palate,—Federspiel, M. N. 909
Hay-fever,—Ersner, M. S. 856
Hodgkin's disease, a case of, in which endoscopy led to the diagnosis,—Hurd, L. M. 290

I

Indications for opening the mastoid cortex,—Emerson, F. P. 278
Infections, acute, of the ear, suction treatment in,—Carpenter, E. R. 864
Infections, severe systemic, caused by aural lesions,—Harris, T. J. 850
Intratracheal abscess,—Campbell, C. Arbuthnot 955
Investigation of the nystagmus arc in a case of congenital nystagmus,—Vail, H. H. 952
Involuntary nervous system of the nose, the, and the mechanism of some obscure nasal symptoms,—Hubert, L. 463

J

Jugular bulb, exploration of in a case of sinus thrombosis,—Maybaum, J. L. 526

K

Knife, paracentesis, a new,—Dintenfass, Henry 694

L

Labyrinthine surgery, difficulties encountered in the diagnosis. Present day views of the operation. Results,—Smith, J. M. ... †322
Labyrinthitis, acute, complicating a case of intradural cerebellar abscess,—Kopetzky, S. J., and Schwartz, A. A. 374
Labyrinthitis, a case of, complicating chronic mastoiditis,—Kopetzky, S. J., and Schwartz, A. A. 374
Laryngeal stridor, congenital, epiglottidectomy for relief of,—Iglauer, Samuel 56
Lateral sinus, diagnosis and treatment of thrombosis of,—Gregg, J. B. 115
Large cyst of the frontal lobe, case presentation four years after operation for,—Shemeley, W. G., Jr. 905

Lateral sinus thrombosis,—Campbell, D. M. 775
Larynx, war injuries of, with five case reports appended from the bronchoscopic clinic of Dr. C. Jackson,—Tucker, J. C., and Lukens, R. M. 292
Larynx, histological control of radium treatment of carcinoma of,—Callison, James G. 180
Laryngeal surgery and peroral endoscopy, notes on,—Chevalier, Jackson 868
Laryngectomy. Cleft palate,—MacKenty, John A. †637
Laryngectomy for cancer of the larynx with modified technique and attempted formation of skin graft tube in place of larynx,—Goldthwaite, R. L. 446
Laryngitis sicca,—Jones, D. H. †638
Lingual thyroid. Lantern slides,—Welch, John E. †412
Lip-reading in adults, is it worth while? A detailed study of 108 cases,—Berry, Gordon 645
Liver tunnel, the, and cardiospasm,—Mosher, H. P. 348
Lung abscess, drainage of, following removal of upholsterer's tack by bronchoscopy,—Kernan, J. D., Jr. 102
Lung, abscess of,—Clendening, Logan 128

M

Malignant epithelioma of pharynx treated with radium,—Unger, Max †240
Mastoiditis, acute, complicated by acute concurrent disease,—Adams, C. F. 846
Mastoiditis, acute, complicated by thrombosis of the superior petrosal sinus and meningitis,—Meleney, H. E. 763
Mastoiditis, acute, followed by temporo-sphenoidal brain abscess,—Almour, Ralph 478
Mastoiditis associated with postauricular abscess and presenting certain interesting points in its diagnosis, case of,—Kahn, Alfred †728
Mastoiditis and facial paralysis associated with unexplained temperature for one month,—Bowers, W. C. †723
Mastoiditis, chronic, complicated by labyrinthitis,—Kopetzky, S. J., and Schwartz, A. A. 374
Mastoiditis, double acute, as a complication of encephalitis lethargica with accompanying blindness,—Almour, Ralph 672
Mastoiditis, streptococcus hemolytic,—Dunlap, A. M. 733
Mastoiditis with an unusual number of complications, with recovery,—Huey, A. J., and Slaughter, W. H. 275
Mastoid conditions, three cases of,—Dintenfass, H. *901
Mastoid cortex, indications for opening,—Emerson, F. P. 278
Mastoid retractor, self-retaining,—Cullom, M. M. 558
Maxillary sinus, antroscopy of,—Spielberg, Wm. 441
Maxillary sinus disease, a new operative technique for the operative and post-operative treatment of,—Lemere, H. B. 363
Maxillary sinus disease, value of direct inspection in the diagnosis of,—Dennis, F. L., and Mullin, W. V. 300
Maxillary sinus, a new instrument for resecting the internal wall of,—Bishop, Wesley 631
Membrana tympani, when it shall be incised and when is reincision indicated,—Carr, Walter Lester †60
Membrana tympani, limitation of the reincisions of,—Kopetzky, S. J., and Schwartz, A. A. †61
Meningitis, and thrombosis of the superior petrosal sinus following acute mastoiditis,—Meleney, H. E. 763
Meningitis, a discussion of,—Smith, S. MacCuen 465
Meningitis, suppurative, bibliography of,—Eagleton, W. P. 44
Meningitis, suppurative, operative treatment of,—Eagleton, W. P. 1
Meningeal symptoms, severe, in a case of chronic purulent otitis media, complicated by perisinal and extradural abscesses,—Dougherty, D. S. 587
Metabolism, disturbances of, and their relation to certain disorders of the respiratory tract,—Selfridge, Grant 243

N

Nasal conditions favoring involvement of the accessory sinuses,—Metzembaum, Myron 943

Nasal deformities, external: description of operative technique of a new method for the correction of certain types,—Lewis, J. D. 214
Nasal suction irrigation nozzle,—Stevenson, H. N. .....†810
Naso-pharyngeal tumors, two unusual,—New, G. B. 99
Needles for suturing the pillars of the tonsils together,—Sheehan, J. E. .....†150
Nervous system, the involuntary, of the nose and the mechanism of some obscure nasal symptoms,—Hubert, L. 463
Neuromas, acoustic,—Shea, J. J. 460
Nose, the involuntary nervous system of, and the mechanism of some obscure nasal symptoms,—Hubert, L. 463
Notes on peroral endoscopy and laryngeal surgery, — Jackson, Chevalier 868
Nystagmus arc, investigation of, in a case of congenital nystagmus,—Vail, H. H. 952

O

Observations after six years of constant use of the Sluder method of tonsillectomy,—Stein, E. J. 961
Observations on lateral sinus thrombosis following mastoiditis, with report of cases,—McCoy, John 267
Odor from healing mastoid wounds simulating that of necrosing bone associated with secondary invasion of diphtheroid,—Dunlap, A. M. 614
Operative technique, a new, for the operative and post-operative treatment of maxillary sinus disease,—Lemere, H. B. 363
Operation, a typical, for abscesses descending from the upper air passages and base of the tongue, —Glogau, Otto 529
Operative treatment of suppurative meningitis with especial reference to irrigation of the cranial and spinal subarachnoid spaces and the importance of protective meningitis from a prognostic and therapeutic standpoint,—Eagleton, W. P. 1
Optic neuritis, acute, aeration of the posterior accessory sinuses in,—White, L. E. 382
Optic nerve involvement complicating sphenoidal sinusitis,—Douglass, Beaman .....†236
Optic nerve in sinus disease, the, —Cutler, C. W. 576
Osteoma of the antrum, a report of a case of,—Harris, T. J. 238
Otitic meningitis (serous) following acute otitis media and mastoiditis; mastoidectomy; recovery,—King, James J. 975
Otitic sinus thrombosis, an interesting case of,—Maybaum, J. L. .†480
Otologic aspects of a case of myxedema. Results of thyroid medication,—Schatz, H. A. *903
Otology, personal experiences of some details of,—Grant, James Dundas 958
Otosclerosis,—Kauffman, A. B. 50
Otorrhea in children, treatment of, by establishment of postauricular drainage, — Phillips, Wendell C. ..... †68
Otitis media, chronic purulent, complicated by perisinal and extral abscesses. Severe meningeal symptoms,—Dougherty, D. S. 587
Otitis media, chronic purulent, complicated by temporo-sphenoidal abscess with spontaneous rupture and hernia into the mastoid antrum, — Dougherty, D. S. 621
Otitis media, nonsuppurative, some phases of,—Babbitt, J. A. .. 663
Oto-neurological findings, abnormal, in cases of head injury,—Gottlieb, M. J. 783

P

Paracentesis knife, a new,—Dintenfass, Henry 694
Partial rhinoplasty with (a) cartilage implants (3 cases); (b) temporal pedicled forthead flap (2 cases), illustrated by lantern slides,—McWilliams, C. A., Healey, W. V., Dunning, H. S. .....†791
Pathology and treatment of chronic catarrhal deafness,—Goldsmith, P. G. 696
Peritonsillar abscess and its radical treatment,—Hughes, W. K. 227
Persistent sinus following thyroid puncture,—Hubbard, E. V. .....†638
Phlebitis, of lateral sinus with normal middle ear at time of operation,—Friesner, I. 617

Personal experiences of some details of the older otology,—Grant, James Dundas..... 958
Primary epithelioma of the antrum of Highmore,—Carter, W. W. .....†795
Primary petrosal sinusitis, report of a case of,—Shemeley, W. G., Jr. *819
Protective meningitis, importance of, from a prognostic and therapeutic standpoint,—Eagleton, W. P. 1
Psychology of deafness, remarks on,—Hubbard, Thomas 473
Pulmonary abscess, a case of following tonsillectomy,—Fetterolf, George 517
Pulmonary aspects of tonsillectomy under general anesthesia,—Myerson, Mervin C..... 929

R

Radical mastoidectomy; complete healing; method of controlling persistent vertigo,—Maybaum, J. L. 968
Radium, on the use of to affect an atrophy of pharyngeal lymphoid tissues,—Withers, Sanford 163
Radium treatment of carcinoma of the larynx, histological control of,—Callison, James G..... 180
Reflexes from the respiratory tract,—Jackson, H. C..... 887
Relation, the, between thyrotoxicosis and tonsillar infection,—Brown, L. W..... 590
Remarks on the psychology of deafness,—Hubbard, Thomas 473
Repair of the right nose with a temporal artery forehead flap, before the flap is returned to the forehead, presentation of a case showing the,—Sheehan, J. E.....†404
Report of an upholsterer's tack in the right main bronchus for seven years. Removal by bronchoscopy. Drainage of lung abscess. Recovery,—Kernan, J. D., Jr. 102
Respiratory tract, reflexes from,—Jackson, H. C..... 887
Retractor, mastoid, self-retaining, —Cullom, M. M..... 558
Rhinitis, hyperesthetic, bronchial asthma and cases in which the Roentgen ray or radium has been applied to the tonsils, basal metabolism in,—Simpson, W. L. 768
Rhinitis sicca, anterior: its origin and cure,—Hazelhurst, F..... 220
Rhinitis, vasomotor, sensitization in,—Rich, H. M..... 510
Rhinophyma, report of a case,—Israel, Sidney 218
Rinne test, in one hundred cases, a study of,—Sonnenschien, R.... 184
Rinne, Weber and Schwabach tests, some remarks on,—MacKenzie, G. W..... 451

S

Scalpels, a set of,—Sheehan, J.E....†151
Scarlet-fever ears, the drainage of the mastoids as a means of preventing,—Dunlap, A. M..... 272
Schwabach, Weber and Rinne tests, some remarks on,—MacKenzie, G. W..... 451
Self-retaining mastoid retractor, —Cullom, M. M..... 558
Self-retaining tongue depressor,—Herzig, A. J..... 900
Sensitization diseases,—Eggston, A. A. 877
Sensitization in vaso-motor rhinitis,—Rich, H. M..... 510
Serous meningitis complicating acute suppurative otitis media; simple mastoidectomy; recovery,—King, J. J.....†482
Sinusitis, complicated by frontal lobe abscess,—Friedman, J., and Greenfield, S. D..... 608
Sinus, accessory, the etiology and pathology of loss of vision from, —White, L. E..... 415
Sinus disease, eye complications with,—White, F. W.....†640
Sinus disease, the optic nerve in, —Cutler, C. W..... 576
Sinus, superior petrosal, thrombosis of and meningitis following acute mastoiditis, — Meleney, H. E. 763
Sinus thrombosis, a contribution to the etiology of,—Schwartz, Alfred A. 690
Sinus thrombosis for nine weeks without symptoms, — Bowers, W. C. .....†724
Sinus thrombosis, lateral,—Campbell, D. M..... 775
Sinuses, posterior accessory, aeration of in acute optic neuritis,—White, L. E..... 382
Sluder method for tonsillectomy, observations after six years of constant use of,—Stein, E. J..... 961
Some remarks on the Weber, Schwabach and Rinne tests,—MacKenzie, G. W..... 451

Sphenoid and ethmoid operation curing total blindness of both eyes in a boy seven years of age, —Husik, D. N. 874
Sphenoiditis and ethmoiditis in relation to eye disturbance; report of three cases,—Warlow, M. A. 623
Spontaneous rupture of the internal carotid artery with hemorrhage from the ear,—Hunter, Robert J. 678
